

DELAWARE AMENDMENT TO LIVING TRUST FORM

The Delaware Amendment To Living Trust form creates a legally-binding change or amendment to a trust that you previously established. This form cannot be used to create a new trust. It is for changes to an existing trust.

This form may be used for amendments to other types of trusts. It does not have to be a living trust. The form allows you to specify the name of the trust without regard for the type or purpose of the trust itself.

You can print this document and fill in the blanks. Depending on the version you're working with, the document can be edited using Microsoft Word or any PDF editing software. By editing the document you will be able to type the required information directly into the document and remove the blank lines.
