If at any time I should have an incurable injury, disease, or illness and I am certified to be near death or in a permanently unconscious condition by two physicians or a physician and an APRN, and two physicians or a physician and an APRN have determined that my death is imminent whether or not life-sustaining treatment is utilized and where the application of life-sustaining treatment would serve only to artificially prolong the dying process, or that I will remain in a permanently unconscious condition, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally with only the administration of medication, the natural ingestion of food or fluids by eating and drinking, or the performance of any medical procedure deemed necessary to provide me with comfort care. I realize that situations could arise in which the only way to allow me to die would be to discontinue medically administered nutrition and hydration.

In carrying out any instruction I have given under this section, I authorize that even if all other forms of life-sustaining treatment have been withdrawn, medically administered nutrition and hydration continue to be given to me. _____
